REGULAR AGENDA

10. <u>LETTER OF SUPPORT TO THE HOUSING AUTHORITY OF CLACKAMAS COUNTY</u> SCATTERED SITES SECTION 18 DISPOSITION APPLICATION

City Administrator Betz advised recently, the county administrator sent information and requested cities provide a letter of support to the Clackamas County Housing Authority Section 18 Disposition Application. Discussion will include the countywide work being conducted along with discussion of the seven scattered sites located in Gladstone and the County is repositioning and reinvesting into future affordable housing.

The Housing Authority representatives, Devin Ellin and Vahid Brown, presented on repositioning the public housing portfolio across Clackamas County including the seven scattered site public homes in Gladstone. These units are 5 single-family homes and 1 duplex. Devin Ellin explained that repositioning means converting federal government assistance through the U.S Department of Housing and Urban Development (HUD) from public housing, Section 9, to rental assistance, Section 8. The section 9 subsidy is attached to a housing unit, whereas a Section 8 subsidy is attached to a tenant. The County is excited about the repositioning as it allows the County to replace their housing portfolio with new rental assistance vouchers and newly developable housing.

The reason this is happening now is due to the passage of the 2018 Metro Affordable Housing Bond and the 2020 Supportive Houses Services Measure presents the opportunity to use existing public housing assets to leverage public and private resources to increase affordable housing opportunities in Clackamas County.

Through the Section 18 Disposition Application, the Housing Authority will dispose of properties through one of three scenarios: Providing home ownership opportunities for existing residents, create recovery-oriented transitional homes, and/or sell the unit if it is unfit for the first two scenarios.

With the reposition from Section 9 to Section 8, current residents in housing units will receive rental assistance vouchers and be provided relocation help for each household to find replacement housing that suits their individual needs which could include exploring homeownership, moving into the private rental market, or moving into a unit owned by the Housing Authority. The disposition process has a 2-

year timeline, and everyone being displaced will need to be placed in suitable housing before anything can be done to the unit they are currently living in.

Discussion included distinction between the Community Land Trust Model, state Proud Ground and Habitat for Humanity and how that effects affordable housing. Devin Ellin provided additional clarification on how credit is calculated for vouchers, how long vouchers are valid, how this is different from what is currently being offered to residents, what the current inventory looks like and if there are any vacant homes that accept vouchers. Ms. Ellin also confirmed there will be no homelessness caused by the disposition of the relocation process.

Vahid Brown advised potentially six of the seven homes in Gladstone would slide into the home ownership category and the one home built after 1978 (when led based paint was outlawed) would be placed for sale in the private market. Councilors were provided with clarification of "over-housed". There was lengthy discussion regarding how the one duplex located in Gladstone, recovery homes, group homes and medical respite housing fit into the three scenarios and the processes involved in the reposition.

The City has been asked to provide a letter supporting Section 18 Disposition Application for the 7 scattered sites in Gladstone.

Councilor Huckaby made a motion that the City Council direct the City Administrator to draft a letter of support of scattered site Section 18 Disposition Application and specifically reference the seven sites in Gladstone as proposed by the Housing Authority of Clackamas County. Motion was seconded by Councilor Reichle. Ms. Bannick took a roll call vote: Councilor Reichle – yes. Councilor Alexander – yes. Councilor Huckaby – yes. Councilor Cook – yes. Councilor Roberts - yes. Councilor Garlington – yes. Mayor Milch – yes. Motion passed unanimously.

11. <u>RESOLUTION 1235 – A RESOLUTION PROCLAIMING ARBOR DAY IN THE CITY OF GLADSTONE</u>

City Administrator Betz indicated this resolution will consider approval of proclaiming April 27, 2024 as Arbor Day in Gladstone.

One of the City Council adopted goals is to become a Tree City U.S.A. The first ad hoc Tree Board meeting was held on April 5th, and the next step is for the City Council to pass a proclamation or resolution. If the City Council approves this resolution, then this will become part of the application of the Tree City U.S.A. and a proclamation will be approved annually.

Councilor Alexander made a motion that the City Council choose to approve the resolution proclaiming April 27, 2024 as Arbor Day. Motion was seconded by Councilor Huckaby. Ms. Bannick took a roll call vote: Councilor Roberts – yes. Councilor Cook – yes. Councilor Reichle – yes. Councilor Alexander - yes. Councilor Huckaby – yes. Councilor Garlington – yes. Mayor Milch – yes. Motion passes unanimously.

12. CITY OF GLADSTONE PAVING PROJECT CONTRACT

City Administrator Betz advised the Council that Public Works Director Caniparoli is very busy right now with current projects.

Public Works Director Caniparoli advised the recent roadway rating process identified roads that will need significant work over the next several years. There are eight roads that are covered in the 2024 Paving Project which will help the city maintain its commitment to a Paved Condition Index (PCI) of 71.

The Request for Proposal (RFP) process brought in six proposals with the lowest bid from KNL Industries Inc. at \$761,243.80. Staff recommends a contingency of 10% which amounts to \$76,124.83

for a total amount not to exceed \$837,368.18. All proposals received were below the engineered estimate of just over \$1 million. Staff recommends approval of the award of bid to KNL Industries Inc.

The Mayor indicated this will be the first year of five years for proposed projects of this magnitude, or similar costs and advised additional streets will be included on future projects based on the PCI.

Councilor Garlington and Councilor Roberts declared a potential conflict of interest because they live near the streets that are getting paved during this project.

Public Works Director Caniparoli indicated project information will included on the city's website, in the city newsletter and posted on the city's social media sites to keep the public informed on the project.

Councilor Roberts made a motion to approve a public improvement contract between the City of Gladstone and KNL Industries Inc. for a total contract amount not to exceed \$837,368.18 to complete the 2024 Paving Project. Motion was seconded by Councilor Alexander. Ms. Bannick took a roll call vote: Councilor Cook – yes. Councilor Roberts – yes. Councilor Garlington – yes. Councilor Reichle – yes. Councilor Alexander – yes. Councilor Huckaby – yes. Mayor Milch – yes. Motion passes unanimously.

13. ORDINANCE 1530 – AMENDING GLADSTONE MUNICIPAL CODE (GMC) CHAPTERS 2.12 – CITY ADMINISTRATOR DUTIES (CLARIFYING JOB TITLES OF DEPARTMENT HEADS); 2.24 – PUBLIC LIBRARY; 2.32 FIRE DEPARTMENT AND REPEALING GMC; CHAPTER 3.16 – FIRE DEPARTMENT FIRE TRUCK TRUST FUND

City Attorney Jacobs advised this is a housekeeping ordinance to update language in the Gladstone Municipal Code to follow changes over the past several years such as receiving library and fire services through IGAs and other government agencies as well as changes to titles of different positions within the city.

Councilor Roberts made a motion to adopt ordinance 1530 as presented by city staff — an ordinance amending Gladstone Municipal Code Chapter 2.12 — City Administrator Duties; 2.24 — Public Library; and 2.32 — Fire Department and repeal Gladstone Municipal Code Chapter 3.16 — Fire Department Fire Truck Trust Fund. Motion was seconded by Councilor Huckaby. Ms. Bannick took a roll call vote: Councilor Alexander — yes. Councilor Huckaby — yes. Councilor Reichle — yes. Councilor Garlington — yes. Councilor Roberts - yes. Councilor Cook — yes. Mayor Milch — yes. Motion passes unanimously.

14. <u>INTERGOVERNMENTAL AGENCY (IGA) OF REGIONAL WATER PROVIDERS CONSORTIUM</u>

City Administrator Betz indicated Gladstone belongs to and pays a membership to a consortium of regional water providers. They recently updated their IGA and provided each of their membership cities with a summary of those change which they would like to have approved by their governing bodies.

Ms. Betz indicated although we do not have an elected official who sits on the governing board, the city does have a staff member, Justin Poyser, who serves on the technical advisory group for this.

Public Works Caniparoli advised the Council consortium board members include representatives from the different water suppliers throughout the Portland Metro area.

In response to a question regarding participants included in the agreement, Ms. Betz advised the participants were removed from the agreement as changes happen so often therefore the consortium will have a list on file of membership and will provide these updates to the members as needed.

Councilor Huckaby made a motion to approve the amended and restated intergovernmental agreement of Regional Water Providers Consortium. Motion was seconded by Councilor Alexander. Ms. Bannick took a roll call vote: Councilor Garlington – yes. Councilor Roberts – yes. Councilor Cook – yes.

Councilor Reichle – yes. Councilor Alexander – yes. Councilor Huckaby – yes. Mayor Milch – yes. Motion passes unanimously.

15. <u>INTERGOVERNMENTAL AGENCY (IGA) BETWEEN CLACKAMAS COUNTY AND THE CITY OF GLADSTONE FOR DEBRIS REMOVAL IN THE EVENT OF AN EMERGENCY DECLARATION</u>

City Administrator Betz advised this is an IGA with Clackamas County to help remove and dispose of debris in the event of an emergency declaration. City staff do not anticipate using this much but appreciate having this agreement, or "tool," available if needed. The recommendation is that the City Council allow Administrator Betz to sign the IGA with Clackamas County.

Councilor Huckaby made a motion to approve the intergovernmental agreement between Clackamas County and the City of Gladstone for debris removal and disposal during an emergency declaration. Motion was seconded by Councilor Alexander. Ms. Bannick took a roll call vote: Councilor Huckaby – yes. Councilor Garlington – yes. Councilor Roberts – yes. Councilor Cook – yes. Councilor Reichle – yes. Councilor Alexander – yes. Mayor Milch – yes. Motion passes unanimously.

BUSINESS CARRIED FORWARD

- 1. Administrator Betz gave the Council an update on the city's diversity, equity, and inclusion engagement planning. She pointed in the agenda packet to a document that showed events the city is planning and how they will engage with the community to market them. Credit was given to Michelle Prusso and Marci Jory for all of their hard work putting these together. New suggestions were welcomed as the city sees this as a living document and would like to build on these each year.
 - Ms. Betz also indicated there is currently a community scholarship program where groups or organizations can apply for up to \$2,500 matching funds to create an event in Gladstone. Some of these events were mentioned previously in the meeting by Bob Everett and are in the process of being reviewed therefore staff has not advised Council regarding these applications.
- 2. Mayor Milch updated the Council on a city-led initiative for funding the local food pantry. The City and Gladstone School District submitted an application to Metro for Supportive Housing Services funding to support Gladstone's food pantry, under the leadership of Northwest Family Services. Clackamas County approved the application in full, and the Northwest Family Services will receive \$262,717 for three years of operational funds. Most of this will cover costs for a staff person so there is administrative structure to help maintain the program. This program serves not only people who are homeless but also families in our community who may have difficulty paying their rent or medical bills if they did not have support for their food. It provides food to go home with students in our school system and provides meals to people at Tukwila Springs and at the Community Center. This is program that serves a broad need in our community.

BUSINESS FROM THE COUNCIL

<u>Councilor Huckaby:</u> She appreciates the funding award to the food pantry and thanked Kandy Tracy and Marna Barnes for putting on a fundraiser that brought in about \$1,000 and several hundred pounds of items for the pantry.

<u>Councilor Alexander:</u> He hopes to see everyone at the Arbor Day tree planting and sale. On April 24th at 1:00 p.m., the Gladstone Community Center is partnering with SOLVE for a community trash pickup. If anyone wants to get involved in keeping the community clean, they can go to adoptoneblock.org to see what they have to offer.

<u>Councilor Reichle:</u> She attended the Parks Board meeting on April 8th, and they are focusing on some new projects across the city. One member, Eric Butler, is on the ad hoc Tree Committee where they are looking to develop some street tree code with recommended species for planting. The Parks Board approved the purchase of the Arbor Day plaque. There will be a cleanup at Cross Park on April 20th to clean out invasive species and support native plants.

<u>Councilor Cook:</u> They appreciated the volunteers and city for hosting the Easter egg hunt. Their kids really enjoyed it. They let everyone know about Watts Heating and Cooling celebrating 25 years of operation and how the company is having a party on April 30th for the community. There will be food and drinks, and they will be talking to folks about working in the trades.

<u>Councilor Roberts:</u> He thanked Gladstone for hosting the Easter egg hunt. He felt it was a great opportunity to connect with the community. He gave some updates from the Water Commission. He feels it is very well managed. They have a clear outline for several years out on capital projects, and over \$1 million per year is put aside for those projects. He discussed their sand filtration system and how they were able to save a considerable amount of money by getting replacement sand through a different organization and staggering their replacement schedule.

Councilor Garlington: She let everyone know that there will be food barrels at the Arbor Day event for food collection for the pantry.

<u>Mayor Milch:</u> He serves as an elected official on the Water Environmental Services (WES) advisory committee. They gave feedback to the city is that "Gladstone is killing it with their infrastructure." WES is supporting Gladstone with part of the Infill and Infiltration Mitigation Project. PGE rate increases came out, but due to long-term financial planning, those rates will not be passed onto the customers individually.

Gladstone Police Department Monthly Report April 2024

CHIEF'S REPORT

April 2024

Greetings,

As we enter the warmer months, phone calls to Code Enforcement increase due to tall grass, weeds, and shrubs. The sunshine we anticipate or hope for causes vegetation to grow at a faster rate. In 2023, the Gladstone Police Department received numerous Code Enforcement complaints, although complaints were not solely related to tall grass and weeds, a large majority of complaints occurred during the spring, summer and early fall months.

The City of Gladstone has adopted codes that regulate tall grass and weeds. You can find these codes when you visit the police departments website at https://www.ci.gladstone.or.us/police/page/gladstone-code-enforcement. Click on "helpful Links". As we have seen over the last couple of years, Gladstone and Clackamas County has experienced drier than normal weather conditions, creating extreme fire hazards. By maintaining your property, you are able to better defend your home from fire when removing dry and overgrown vegetation.

For seniors and or community members that have physical challenges who are not capable of adhering to the minimum standards of the code, Neighbors Helping Neighbors is a volunteer program here in Gladstone that is willing to help those in need. If you are in need of help and fit the criteria or would like to inquire, please phone Gladstone's Community Service Officer, Yvonne McNeil at 503-557-2763. Neighbors Helping Neighbors is always looking for volunteers and ways to help.

The Gladstone Police Department will respond to complaints and proactively address code issues. To make a complaint, you have two options. You can go to the Code Enforcement page on our website and click the "on line complaint form" or contact the Community Service Officer at 503-557-2763.

I hope you have a safe and enjoyable Month of May!

Sincerely,

John Schmerber, Chief of Police

GLADSTONE POLICE DEPARTMENT BIAS MONTHLY REPORT TO CITY ADMINISTRATOR AND COUNCIL

BIAS MONTHLY REPORT

REPORTED BY: Kristi Walls April 2024

Bias crimes and incidents. The definition of a Bias Crime and Bias Incident can be found in the Oregon Revised Statutes at:

166.155 (Bias Crime in the second degree) 166.165 (Bias Crime in the first degree) 147.380 (b) (Bias Incident)

0 Bias Crimes were reported.1 Bias Incidents were reported.

On April 22, 2024, GPD was dispatched to a disagreement at Meldrum Bar Park. An angler reported that his fishing line got tangled with another fishing line and the other angler cut his line and did not return his tackle. This resulted in an argument between anglers including some racial name-calling. CCSO assisted by contacting the angler in the boat. He denied any name-calling and the tackle was returned. There were no witnesses that heard any racial remarks.

The Gladstone Police Department made the proper referral per ORS 147.380.

Bias Incident defined: a person's hostile expression of animus towards another person, relating to the other person's perceived race, color, religion, gender identity, sexual orientation, disability or national origin, of which criminal investigation or prosecution is impossible or inappropriate. "Bias Incident" does not include any incident in which probable cause of the commissison of a crime is established by the investigating law enforcement officer.

K9 Nanuk is a seven and a half year-old German shepherd born in Slovakia. At seven weeks old K9 Nanuk was sold to a man in Germany who started training K9 Nanuk. In Germany in order to breed a dog they must achieve a sport title. Food Box Program

The food box program that caters to homebound seniors of 60 years and above is currently serving around 60 individuals weekly. Our team is collaborating with Alex of the Gladstone Food Pantry to relocate our efforts to their facility. As a community-based program, we firmly believe that consolidating all our food box efforts within one location is the most prudent approach to serve our everexpanding community of food-insecure individuals. We hope to have the details and move worked out by July 1st. More to come!

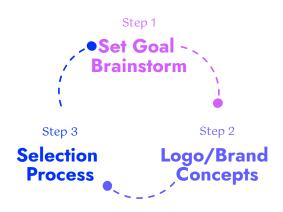

Logo and Branding

The Gladstone Advisory Board recently shared their current goals and efforts for the Gladstone Community Center. One of their objectives is to work on new branding and logo concepts. During the April meeting, Marci J and Michelle P presented a few rough drafts to the Advisory Board and requested feedback. They received some great input and, with the assistance of Hayley K, narrowed the options down to three concepts. They will present these concepts to the Board on May 21st. This is an ongoing conversation and collaboration to identify the best concept that represents the growing Community Center as a diverse, inclusive, and multi-generational hub open to our community.

Egg Hunt

The Community Center held an Easter egg hunt where participants could search for candy-filled eggs and a few golden eggs that granted prizes.

Revolving Art Wall

The Gladstone Community Center initiated a "revolving art wall". This has proven to be an outstanding method of introducing new members to the Community Center while simultaneously showcasing the work of various artists. Each artist is given a one-month time slot to exhibit their art, and we have already booked most of 2024.

April's Artist Betty

This artwork was generously donated to our center and turned into a silent auction, raising \$250 for our Community Center's programs. Jinny was our lucky winner, and she was very excited to take this beautiful piece of art home and hang it in her hallway. Congratulations, Jinny!

Transportation

Michelle M., our transportation driver has been busy taking our patrons to many exciting places. Some of the places she has taken them this month are The Wooden Shoe Tulip Festival, Serres Garden, Stone Cliff Inn Restaurant for lunch, The Columbia Gorge Multnomah Falls, and Lakewood Theater to watch "9 to 5". In addition to these adventure trips, Michelle has been driving patrons to do their shopping, errands, and doctor appointments. Our patrons are grateful to have rides to come to the Center and enjoy lunch, games, and social interactions with their peers!

Volunteers

We are incredibly fortunate to have a group of passionate and committed volunteers who generously contribute their time and energy to our community every month. These incredible individuals embody the true spirit of volunteerism and are the heart and soul of our Community Center. Our volunteers come from diverse backgrounds and bring with them a range of skills and experiences that have helped us to enrich and expand our programs and services. We have volunteers who are retired professionals, stay-athome parents, students, and more. Each one of them offers their unique perspective, expertise, and passion to help us achieve our goals.

Crocheting

Our crocheting group is currently working on a large blanket that they will raffle off at our Holiday Market this year to raise money for our Community Center services.

GLADSTONE MUNICIPAL COURT FROM APRIL 2024

<u>Court Notes</u>: It may be helpful to know how the court Tyler/Incode module reports information on citations and misdemeanor cases.

How to interpret the above information:

The number under **Traffic Cites Issued**: this is the number of traffic citations issued each month. A citation could have one to three violations on a citation. This number is only the number of citations issued by the police department in that month. This is not the total number of the violations issued during the month.

Traffic Viol Issued: is the number of violations issued. This is the number of violations listed on the **Traffic Cites Issued** above.

Traffic Viol Disp. is the number of traffic violations disposed during that month. This is how many individual violations were disposed (found guilty, dismissed or placed on deferral) in that month. This is <u>not</u> the number of traffic citations disposed.

Misd. Issued is the number of <u>cases</u> the City Prosecutor has filed with the court this month. **Misd. Disp.** is the number of <u>charges</u> the court has disposed (guilty, dismissed or deferral) that month.

The court module will not allow us to generate a number of traffic cites issued and disposed. Nor will it allow us to generate a number for misdemeanor cases issued and disposed.

CLACKAMAS FIRE DISTRICT REPORT

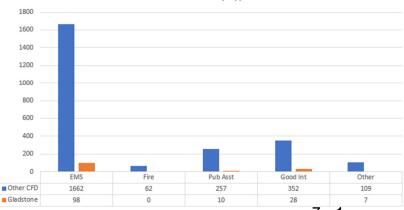

FIRE CHIEF'S REPORT

April 2024

Here for you

- On April 1, 2024, we welcomed 18 seasonal hand crew members (aka Crew 30) to our 2024 season.
 Crew 30 is available to respond to wildfires in our area, throughout the station, nation, and Canada, and are also assigned to conduct mop-up operations after wildfires are put out.
- Clackamas Fire held a graduation ceremony for our 12 volunteer firefighter recruits with Academy 23-02 for the successful completion of their six-month academy.
- Firefighters conducted scenario-based training at two houses donated by the Willamette View to practice interior fire attacks, water supply, search and rescue of victims, setting up ground ladders, window access, and roof ventilation.
- Fire Chief Browne implemented a new tradition of administering the oath to all employees, instead of solely to uniform personnel. He swore in our administrative and support staff throughout the month.

April 7: CFD responded to a 2-alarm residential fire on SE Maple Hill Ln. in Milwaukie. The fire originated in the chimney and spread to the roof. There were no injuries to occupants or firefighters.

April 18: CFD responded as mutual aid to a 3-alarm commercial fire at Timberline Lodge. The actions of crews placing water directly on the fire from above and below is what saved this building and kept the damage as minimal.

April 26: A task force was dispatched to a residential fire on SE Foss St. in Carver with fire coming through the garage roof.

THE SIREN

CLACKAMAS FIRE DISTRICT
SWORN TO SERVE, DEDICATED TO SAVE

EMERGENCY SERVICES LEVY

The Fire District continues to make improvements to emergency response through the community supported levy. As shared previously, the objectives of the levy were to increase daily staffing, invest in equipment, and to more effectively fight wildfires.

We currently have 10 new firefighters going through an academy. Once graduated, they will be deployed throughout the Fire District and ultimately result in increased daily staffing. Also, this July, career staffing will be assigned to Station 13 in the Clarkes community. Staffing that fire station will not only increase the overall daily staffing within the Fire District, but it will also provide a 24/7 staffing to a community that currently does not have that.

We will continue to keep the community updated on how the levy will allow the Fire District to better serve all of our communities. Thank you again for your support.

COMMUNITY PARAMEDIC OVERVIEW

Clackamas Fire has a Community Paramedic that plays a vital role in improving access to healthcare within our communities, while helping the 911 system by keeping our emergency resources (fire engines, ladder trucks, etc.) available for high-risk, life-threatening emergencies.

Regardless of the social determinants of health, community paramedics primarily focus on preventive care, chronic conditions and supporting vulnerable populations, but they are still trained to respond to medical emergencies when necessary.

The Community Paramedic works closely with Clackamas County health agencies and other partners to provide a platform for health equity that facilitates a healthier Clackamas County. The program has been nationally recognized while also experiencing many local success stories.

Recent grant funding from Clackamas County will support a limited time expansion of our Community Paramedic services to help with post-pandemic recovery.

CREW 30 UPDATE

Clackamas Fire District is proud to have a professional hand crew known as Crew 30 to respond to wildfires and prescribed burns. On April 1, 2024, we welcomed 18 members to our 2024 season.

The first Clackamas Fire District Type 2, seasonal hand crew was created in 2021 and consisted of 22 members. Type 2 simply means we are capable of initial attack and can split up into separate modules to meet multiple objectives at the same time. This hand crew was the first of its kind for a structural fire department in Oregon. For two seasons, the crews were made possible through a grant from WorkSource Oregon that allowed us to partner with Clackamas Community College's forestry technician program to offer paid training and full-time, seasonal employment.

A typical season for the crew is from April through October, working four 10-hour shifts and responding from our Station 14 in Boring. Crew 30 is available to respond to wildfires 24-hours, seven days a week, throughout the state, nation, and Canada, constructing handlines and performing strategic burn-out operations to stop a fire's progress.

In addition to their work in wildland areas, crews are assigned to conduct mop-op operations after wildfires are put out, ensuring that hotspots don't flare up and the fire is fully extinguished. Crew 30 can serve multiple roles in fire suppression that consist of constructing fire lines, defensible space, and conducting mop-operations, improving efficiency and relieving firefighters to return back to service. When not on wildfires, the crew is involved in fuel mitigation projects.

DEFENSIBLE SPACE

Clackamas Fire District recommends creating defensible space around your home to reduce the threat of wildfire. There are several steps that homeowners can take to make their homes and property more defensible in a wildfire including:

- Define your defensible space by creating a 30-foot zone of fire-resistant space around your home.
- Reduce flammable vegetation and brush around your home and reduce the density of nearby trees.
- Keep grass and weeds cut low to less than 4".
- Clear wood piles and building materials away from your home and outbuildings.
- Keep your yard and roof clean and remove overhanging and dead limbs.
- Keep address signs visible for easy access and trim vegetation away from driveways.
- Choose fire-resistant roofing materials.
- Use alternatives to burning debris such chipping, recycling, or composting.

INCREASED STAFFING SAVED A MAN'S LIFE

The swift action of firefighters saved the life of a man who was close to drowning in the Willamette River, near Meldrum Bar Park.

On Wednesday, April 10, 2024, firefighters were dispatched to an initial report of a male trapped inside a vehicle that was in the river, and reportedly had exited the submerging vehicle and was in distress. Arriving first on scene, firefighters quickly put on their personal floatation devices and identified a male struggling in the water. Due to the immediate threat to the male's safety, two firefighters jumped in to prevent him from drowning.

During the rescue efforts of the two firefighters in the water, the other two firefighters took throw bags to the nearest shore. The ropes from the throw bags landed right over the top of the three of them and the two firefighters on the shore were able to pull the rescuers and the male to safety. Upon their arrival on-scene, firefighters located and pulled the victim out of the water in 2 minutes and 44 seconds.

Once out of the water, the male was treated and transported by American Medical Response to an area hospital.

Battalion Chief Greg Holland said, "If the crew from Engine 315 had not done what they did [performed a high-risk rescue], the male would have drowned. He was out of time, out of breath, and out of energy to keep going."

Clackamas Fire District would like to thank the community for their ongoing support of the Emergency Services Levy. As part of the year one plan, firefighters from Station 15 in Oregon City received an increase in firefighter staffing, along with four other fire stations across the Fire District. This increase in staffing improves response capabilities that ultimately saved this man's life.

GLADSTONE CITY EVENT ANNOUNCEMENTS

City of Gladstone Staff Report

Report Date:

May 8, 2024

Meeting Date: To:

May 14, 2024 City Council

From:

Jacque Betz, City Administrator

AGENDA ITEM

Authorize the City Administrator to sign the Gladstone Community Festival Agreement and approve the Special Event and Noise Variance applications with the Gladstone/Oak Lodge Rotary Club for the dates of August 2 - 3, 2024.

History/Background

The Gladstone/Oak Lodge Rotary Club hosts the annual community festival. The attached agreement is to augment the special event permit. The agreement is consistent with previous agreements. Applicant will also need to provide a certificate of liability insurance before the event in August.

Proposal

Authorize staff to execute the agreement.

Options

- 1) City Council could choose not to enter into the agreement which could negatively affect the festival.
- 2) City Council could choose to modify the agreement.

Cost Impact

In previous years, In-kind resources to the City were estimated at \$16,690, this year costs are estimated at \$8,500. (Please see Attachment "A"). Included in the estimates are costs associated with Police Department, Public Works, and Administration time; event insert in the City's July newsletter and for the movie in the park. The reduction in the estimated is based on eliminated in-kind resources previously provided by the Fire Department as well as the elimination of our public works department moving books to/from John Wetten Elementary. It should be noted however, that arrangements for Clackamas Fire District to participate (specifically parade) are being made directly by the Rotary Club.

Recommended Staff Action

I make a motion:

Authorize the City Administrator to sign the Gladstone Community Festival Agreement and approve the Special Event and Noise Variance Applications with the Gladstone/Oak Grove Rotary Club for the dates of August 2-3, 2024.

History/Background

The City Council and Planning Commission held a joint work session on April 23, 2024, to discuss the three pathways available to the city for implementing required parking reform measures for compliance with OAR 660-012-0445 (additional information can be found on the CFEC website and in the Gladstone Parking Reform Presentation available here).

At the work session in April, the Council and Commission discussed all available parking reform options, and what impacts, positive and negative, each reform measure might have on the Gladstone community, including livability, economic development and community resiliency.

There was general consensus to pursue CFEC Parking B Option 2, policies 2 and 4. The group did have several outstanding questions regarding applicability of reform measures:

- Would the chosen reform measures apply citywide? Answer: Yes.
- Is the city able to require a recorded agreement to address shared parking? Answer: Yes, but generally complex requirements for shared parking limit the likelihood that shared parking will be utilized. The current code language meets state law on this.
- Can revenues from commercial parking lots be used toward sidewalk construction?
 Answer: Yes.
- Would a TriMet monthly pass qualify for the \$50/month flexible commuter benefit option?
 Answer: No, the \$50 must be a direct payment.
- Why the City of Sherwood chose this option? Answer: Sherwood felt the implementation of Option 2, policies 2 and 4 would allow the city to comply with state law and would be the least impactful to their residents and business communities.

Options

- The Council could direct staff to begin work on Parking B, Option 2, policies 2 and 4.
- The Council could direct staff to begin work on an alternate Parking Reform measure.
- The Council could wait on directing staff and request additional information. The City is required to complete the Municipal Code updates by December 31, 2024.

Recommendation

Staff recommends the City Council direct staff to begin work on the Municipal Code updates needed to implement CFEC Parking B Option 2, policies 2 and 4: unbundle leased commercial parking and a tax on commercial parking lot revenue, in addition to other mandatory parking reform measures.

City of Gladstone Staff Report

Meeting Date: May 14, 2024

From: Cathy Brucker, Finance Consultant

Agenda Item

Approval for Professional Auditing Services.

History/Background

The City of Gladstone is required to contract for Auditing Services completed annually by a licensed municipal audit firm. Furthermore, an annual audit of the Gladstone Urban Renewal Agency must also completed. Due to the discontinuation of audit services by our previous firm, Merina + Co., it was necessary to issue a Request for Proposal for Auditing Services beginning with the fiscal year ending June 30, 2024.

The Request for Proposal was issued on March 21, 2024 for a five-year contract with a qualified certified public accounting firm, for both the City and the Urban Renewal Agency.

Three qualified proposals were received from:

- SingerLewak Accountants and Consultants
- Aldrich CPAs + Advisors LLP
- Talbot, Korvola & Warwick, LLP.

The proposals were reviewed and scored, with communication forwarded to the Gladstone Audit Committee on April 17, 2024 for consideration of two of the proposals that satisfied our criteria.

With the agreement of the Audit Committee, the firm of SingerLewak Accountants and Consultants was selected as the most qualified and compatible firm for the City of Gladstone.

Proposal

SingerLewak has extensive government-focused experience, and currently conducts over 45 municipal audits per year out of the two offices in Oregon. Gladstone will work with the Salem office (formerly Boldt Carlisle + Smith) that has 50 years of experience in Oregon PERS, Local Budget Law, and all facets of governmental accounting and auditing.

The neighboring cities of Happy Valley and Molalla currently contract with them, along with the City of Newberg. Each entity provided excellent work references for the firm. Combined with an impressive audit approach and understanding, along with the work plan, the City recommends a five-year agreement for their services. The anticipated fees are somewhat higher than with the previous firm, but will be manageable within the remaining budget for the 2023-2025 biennium.

Attached is the Request for Proposal for council review, along with the City of Gladstone Personal Services Contract to be executed upon approval.

Options

Due to the legal requirement of the annual audit and quality of proposal responses, no other options were considered.

Cost Impact

Proposed fees for both the City of Gladstone and the Gladstone Urban Renewal Agency are \$51,300. Sufficient budgetary appropriation of \$55,000 is available. The proposal calls for a five percent increase per year in costs, along with a separate Single Audit fee (only if necessary due to federal grant funding levels received).

Recommended Staff Action

Staff recommends approval of the five-year contract for Professional Auditing Services with SingerLewak Accountants and Consultants commencing with the fiscal year ending June 30, 2024.

SCOPE OF AUDIT AND TIMELINE

Audit Approach and Understanding

Project Approach

At SingerLewak, LLP, our audit approach is constantly evolving and improving to best fit the needs of our clients and fully meet updated auditing and accounting standards. Our audit strategies give proper attention to the authoritative pronouncements which govern the conduct of all audits and focus specifically on authoritative pronouncements that guide the conduct of governmental engagements. Requirements from federal granting agencies and the State of Oregon Secretary of State's Audit Division also have helped shape our audit programs, which enable us to efficiently complete the requirements of the Single Audit Act and Minimum Standards for Audits of Oregon Municipal Corporations.

Risk Assessment & Understanding of Internal Controls

We consider various risk factors in planning and performing an audit. This approach provides for a more efficient audit by focusing our efforts to those areas where there is the greatest risk for a misstatement, an instance of non-compliance with laws and regulations, or a breakdown in internal controls. In order to perform proper risk assessments, we will gain an understanding of the operations of the City, its personnel and internal controls. This understanding will be obtained through interviews with appropriate personnel, review of the City's written policies and procedures, and use of internal control checklists.

Based on the understanding of the internal controls, we will make risk assessments and consider the financial statement assertions for each audit area. The financial statement assertions that pose the greatest risk will vary among the different audit areas. These assessments will assist us in planning the audit process and in the determination of testing internal controls in order to rely upon them to reduce other audit procedures. This decision considers the necessary level of control risk, the financial statement assertion related to the control, and whether it is efficient to test controls.

If we determine that internal controls are sufficient and that testing controls is the most efficient approach, we will design and perform tests of controls that relate to the financial statement assertion being audited. These tests of controls may include observation, inquiry, reperformance or inspection of documents, and may involve the selection of a representative number of items or transactions from the population being tested. The results of these tests will enable us to determine whether we may rely upon the City's internal controls and may provide a basis for suggestions to the City for improvements in internal controls. We also select other audit procedures to perform based on our understanding of the City's risks.

Analytical Procedures

We will utilize a variety of analytical procedures in conducting our audits. These will include comparison of current, prior, and budgeted amounts, ratio analysis, predictability tests and consideration of relationships between financial and non-financial information. The IDEA software will also be used for analytical purposes to scan transactions for anomalies and gaps in sequences, and in review of significant accounts. These procedures will be used in planning the audit, as tests to support amounts in the financial statements, and in final review of the financial statements.

Audit Approach and Understanding (continued)

Sampling

An audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and testing compliance with laws and regulations; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. Audit sampling will be used to the extent deemed appropriate in applying a given procedure to less than 100 percent of the items within an account balance or class of transactions for the purpose of evaluating some characteristic of the balance or class or for testing compliance. The IDEA software, as discussed prior, will be used to assist us in selecting samples and analyzing the results of tests applied to the sample. Based upon professional judgment, there may be situations where procedures other than sampling are more efficient.

Tests of Compliance

Our commitment to continuing education and participation in professional associations enables us to identify new and ongoing laws and regulations to test for compliance. When testing compliance, we determine the specific compliance requirements that are applicable, test controls over those compliance requirements, if required, and test compliance with Oregon Revised Statutes, debt covenants, contractual provisions, grant restrictions, and other applicable rules and regulations. These tests may take a variety of forms, including selection of a representative number of expenditures, inquiry into relevant City policies and procedures, or reconciliation of amounts reported to granting agencies with the City general ledger.

Use of Technology

Our Firm has ample experience auditing computerized accounting systems. The audit planning and the audit approach we apply will give consideration to the accounting systems used by the City.

Many of the audits we conduct are in highly computerized environments, including financial institutions, counties, and cities. Our approach to auditing computerized systems includes consideration of how the computer systems affect internal controls, assessment of risks related to computerized systems, testing of computer system controls, understanding integration between distinct software packages, and extraction of data directly from systems for further audit procedures.

In conducting audits, we make use of the data extraction software IDEA. We will request, in electronic form the City's detail general ledger and other reports such as detail of utility billings and payroll registers. Information from those reports will be imported into IDEA giving us the ability to analyze large amounts a data.

Consideration of Fraud

The purpose of an audit in accordance with auditing standards generally accepted in the United States of America is the expression of an opinion on the fair presentation of financial statements. Accordingly, our audit will be designed to detect material misstatements, including those that would be caused by fraud, either through fraudulent financial reporting or misappropriation of assets. Our audit may not be relied upon to detect occurrences of fraud that are not material; however, should any fraud come to our attention, we would communicate that finding to the appropriate level of management and governance.

Proposed Timeline

The following estimated schedule is predicated on the assumption that City management, staff, and the City Council respond to our request for information within one to two weeks of interim and final fieldwork dates:

First Year Data Collection

In our first year, we will perform more in-depth inquiries of the City staff in order to familiarize ourselves with the City's operations and processes. We may visit the offices of any off-site departments of the City if they are involved in significant financial processes.

Use of City Personnel

Our work plan for an audit is predicated on the expectation that City management and staff shall assist us by providing information that we request, locate vendors invoices selected for testing, prepare confirmations, and respond to our inquires. We understand that the City will prepare the year-end general ledger and schedules supporting significant year-end balances. We anticipate that the time required of City personnel would be similar to what has been necessary in prior years.

Constructive Suggestions for Improvement and Communication of Findings

Our audit experience enables us to provide constructive suggestions for improving the City's internal accounting controls and administrative procedures. Appropriate notes will be made during the audit and later summarized for presentation to the appropriate level of City management and governance. We will discuss with management any internal control issues noted as they arise to ensure our understanding is appropriate and there are no surprises. Any significant deficiencies or material weaknesses will be communicated in writing in accordance with applicable standards.

Audit and Finance Committee Communication and Meetings

Prior to commencement of interim audit work, we will communicate to those charged with governance in writing our planned scope and timing of the audit. Those communications include information regarding independence, our planning process, significant risks and our audit approach to understanding the City's system of internal control. It will include a request for any matters that governance considers relevant to the audit, and will detail our process for communicating fraud discovered during the course of our procedures or other issues that may arise.

A pre-audit meeting with the committee will be conducted, where we will review the information in our planning letter to governance and discuss any specific concerns or other relevant items. At the conclusion of the audit, we will meet with the committee to review the results of the audit, the financial statements, and any recommendations.

In addition, we are available to present the results of the audit at a City Council meeting, if desired by the City.

PROPOSED FEES FOR SERVICE

Proposed Fees

See Appendix A for our expected hours and proposed not to exceed fees for service. These fees include the Gladstone Urban Renewal Agency. Single audit fees proposed include one major program under Uniform Guidance. Additional major programs will be an additional \$4,000 each.

Fees for Additional Services

If extraordinary circumstances are discovered during the audit that require an expansion of audit work, or if the City requests special reports or additional work outside of the normal course of the engagement, we will refrain from investing those additional hours until a signed engagement letter agreeing to the expanded scope of the project has been received from the City.

Should it become necessary for the City to request SingerLewak to provide additional services that would be outside the normal course of the requested annual audit services, then such additional work shall be charged at the current hourly rates commensurate with the level of staff required as follows:

Staff Classification	Hourly Rates
Partner	\$325
Director/Manager	200
Senior	150
Staff	110
Clerical	60

DIFFERENTIATORS

Hands-on Approach

We believe in having knowledgeable people on-site to address any issues or questions as they arise. Both Brad and Kathy are available throughout the year to answer technical questions or provide the latest research material on complex issues. We want our clients to feel they can contact us at any time – this is included in the fees proposed.

Annual Municipal Client Seminar

Annually, we provide a four-to-six-hour seminar as a no-charge service to our local government audit clients. The seminar is designed for individuals who hold positions of fiscal and administrative responsibility. Attendants have told us that this seminar is useful because it provides information on issues of current interest and a forum to exchange ideas with others who are actively involved in fiscal operations.

Dedicated Team Serving Local Governments

Our team of local government sector professional focus primarily on auditing local governments in Oregon. They all regularly attend continuing professional education specifically on auditing local governments and governmental accounting and financial reporting.

Additionally, the Partners, Director and Managers of the Local Government Sector meet weekly to review the status of all local government engagements to ensure a coordinated effort is made in serving our clients.

PERSONAL SERVICES AUDIT CONTRACT

We have reviewed the Personal Services Audit Contract included in the City's Request for Proposal. Except as follows, we accept the terms and conditions of the contract.

Section 12 of the Personal Services Audit Contract states: All work, including but not limited to documents, drawings, papers, computer programs, and photographs, performed or produced by Provider under this Contract shall be the property of City.

The reports issued in connection with an audit must remain the property of the auditor. The transfer of ownership of those reports would impair our independence.

Additionally, ORS 673.380(1) states: "All statements, records, schedules, working papers and memoranda made by a licensee under ORS 673.010 to 673.465 or a partner, shareholder, officer, director, member, manager, owner or employee of the licensee incident to or in the course of rendering services to a client, except reports submitted by the licensee to the client and records that are part of the client's records, shall be and remain the property of the licensee in the absence of an express agreement between the licensee and the client to the contrary." It is our firm policy to not enter into express agreements that would transfer ownership of these documents.

Section 15 of the Personal Services Audit Contract requires us to retain all records in connection with our audit for at least 3 years, and to make to those records available to the City or its authorized representatives.

We would request that Section 12 be removed.

AGENDA ITEM

Process for filling the vacant City Council Position #3

HISTORY/BACKGROUND

Councilor Veronica Reichle resigned from her position on the Gladstone City Council on April 30th because she no longer resides within the city limits, which is required per Gladstone City Charter Section 31.

Gladstone City Charter Section 32 as well as Gladstone Municipal Code Chapter 4.03 set the process for filling a vacancy on City Council.

Section 32. Filling Vacancies.

A mayor or councilor vacancy will be filled as follows:

- (a) If less than seventeen months remains in the term of the person who held that vacant office, the vacancy must be filled by appointment by a majority vote of the remaining council members. The appointee will serve the remainder of the unexpired term.
- (b) If seventeen or more months remain in the term of the person who held that vacant office, the vacancy will be filled at the next available November election. The person elected will serve the remainder of the unexpired term. A majority of the remaining council members must fill the vacancy by appointment for an interim period until a special election may be held to fill the remainder of the unexpired term.
- (c) If a disability prevents a council member from attending council meetings or a member is absent from the city, a majority of the council may appoint a councilor pro tem.

Gladstone Municipal Code Chapter 4.03

4.03.020 Filling of vacancy.

- (1) Upon becoming aware of a vacancy in an elective office, the council must promptly determine and declare the date of vacancy.
- (2) A vacancy in an elective office will be filled as provided by city charter section 32.
- 4.03.030 Appointment by council.
- (1) In filling a vacancy, the council may make such inquiries and hold interviews as it considers necessary to make the appointment. The appointment must be made at a regular or special council meeting.

- (2) The council will use the following procedures in the appointment process:

- (c) Appointment from those applicants nominated and seconded for consideration by members of the council. The recorder will announce the results of each ballot and will record each councilor's vote. An applicant who receives a majority of the votes by the current council members will be appointed to the vacant position. If no applicant receives a majority vote on the first ballot, the council will continue to vote on the two applicants who receive the most votes until an applicant receives a majority of the councilors voting.

OPTIONS

Per the Charter, the Council must declare the vacancy and fill the position until the November 2024 election.

COST IMPACT

The only cost associated with this is staff time

STAFF RECOMMENDATION

Councilor Reichle's term has more than seventeen months (expiring December 31, 2026). Therefore, the vacancy will be filled at the November 2024 election for the remainder of this term. The Council members must also fill the vacancy by appointment for an interim period until the November 2024 election.

Staff recommends the City Council direct staff to advertise for applications to fill the vacancy. Applications will be sent to the remaining Council members and placed in the June 11th Council packet, where the Council will deliberate on the appointment.

Subject: Letter to the Council

To my fellow council members,

I am writing to share some bittersweet news with you.

Due to some unforeseen circumstances, I am moving and I am unable to remain in Gladstone. Therefore, effective April 30th, 2024, I have to resign from my position on City Council.

I have spent the last year searching for a solution that would allow my son and me to remain here in the community we love, but it is just not in the cards at this time. We have found a new home that is close enough to keep Calvin in the school district and close to family and friends, which you all know is my number one priority! We are very excited for this next step in our lives, but I would be lying if I said I wasn't heartbroken about moving out of this city that I care for so much.

I will sorely miss being a part of our City Council. To be honest, there are days when it still doesn't feel real that I was elected and had the opportunity to be involved in a way I never imagined would be possible! I am so proud of our progress over the last year, and I feel honored to have been a small part of all the work that we've done.

I wish you all the best, and I can't wait to see what happens next for the City of Gladstone!

Sincerely, Veronica
