

Consumer Confidence Report 2014

water is life!

The City of Gladstone is pleased to present this annual report as required by the federal Safe Drinking Water Act (SDWA) and the State of Oregon. We have remained committed to providing clean, safe drinking water to our customers by meeting or exceeding all quality standards in 2014. We encourage you to stay informed on the quality of your drinking water by reading this report.

Your Drinking Water Source

The City of Gladstone receives its water from the North Clackamas County Water Commission (NCCWC). The water supply is primarily from the Clackamas River which originates from the Clackamas River Water Basin. Water is treated at NCWCC facilities. First, water is filtered to remove particulates and then treated with chloramines. This treatment process starts with chlorine to disinfect the water. Next, ammonia is added to ensure disinfection remains adequate throughout the distribution system. Chloramines also lessen the possibility of disinfection by-products forming in the distribution system. Additionally, the water is adjusted for corrosion control.

Your drinking water is tested frequently for a variety of parameters. City personnel collect samples in the distribution system according to EPA requirements and the NCWCC is responsible for all other sampling. If any of these test results exceed the safe levels established by the EPA, the City would issue the required public notifications.

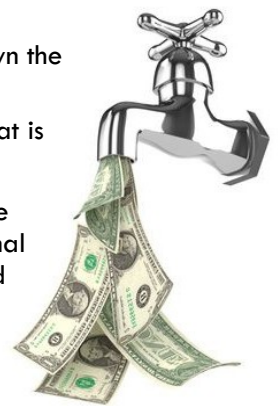

Household Leak Detection - A Way to Save Water & Money

To check for leaks in your home, you first need to determine whether you're wasting water. Then identify the source of the leak.

- Take a look at your water usage during a colder month, such as January or February. If a family of four exceeds 12,000 gallons per month, there are serious leaks.
- Check your water meter before and after a two-hour period when no water is being used. If the meter changes at all, you probably have a leak.
- Identify toilet leaks by placing a drop of food coloring in the toilet tank. If any color shows up in the bowl after 15 minutes, you have a leak. (Be sure to flush immediately after the experiment to avoid staining the tank.)
- Examine faucet gaskets and pipe fittings for any water on the outside of the pipe to check for surface leaks.
- Examine the outside and bottom of your water heater. Look for dripping water down the side of the tank or pooling water underneath.
- Soft spots on the lawn, or grass that is greener in some areas, can indicate a leak that is being absorbed by the ground.

Regardless of their complexity, all leaks need to be repaired. Some leak repairs can be as simple as tightening a bolt or replacing a washer. Other leaks will require professional assistance. Unrepaired leaks waste water and money. Fixing your household leaks could save more than 10% on water bills. Check your entire household at least once a year.

Backflow Prevention

Just a reminder: If you are installing an irrigation system, booster pump, boiler, or any other apparatus on your plumbing system, you are required to install a backflow prevention assembly at your water meter. This assembly is a mechanical unit that is designed to protect the public water supply from contamination by preventing a dangerous reversal of flow ("backflow"). Before installing a backflow prevention assembly, please call our Public Works department at (503) 656-7957 for assistance.

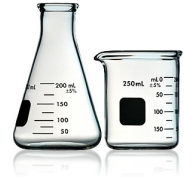

**For more information
about this report, contact:**
Scott Tabor, Public Works Supervisor
Phone: (503) 656-7957
E-mail: Tabor@ci.gladstone.or.us

PUBLIC PARTICIPATION OPPORTUNITY

The City of Gladstone invites you to attend City Council meetings on the second Tuesday of each month at 6:30 PM in the Council Chambers of City Hall.

WATER QUALITY DATA TABLE FOR 2014

The Environmental Protection Agency (EPA) regulates the frequency of sampling for various contaminants. The data presented in this table is from testing conducted in 2014. The table may also include any other results within the last five years for analyses that were not required in the year 2014.

Contaminant (Unit)	MCL	MCLG	Result or Range low - high	Sample Date	Typical Source	Violation
Sampled at source water from NCCWC * cannot exceed 5 NTU twice in 12 months						
Turbidity (NTU)	*	n/a	0.08 - 0.48	Daily 2014	Soil runoff	No
Inorganic Contaminants - Sampled at source water from NCCWC						
Nitrate [measured as Nitrogen] (ppm)	10	10	ND - 0.182	February 2014	Runoff from fertilizer use; Leaching from septic tanks; Erosion of natural deposits	No
Disinfection By-Products - Sampled in the Gladstone water distribution system						
TTHM** (Total Trihalomethanes) (ppb)	80	n/a	26 - 60	Quarterly 2014	By-product of drinking water disinfection	No
HAA5** (Total Haloacetic Acid) (ppb)	60	n/a	16 - 40	Quarterly 2014	By-product of drinking water disinfection	No
Inorganic Contaminants - Sampled in the Gladstone water distribution system						
Lead	Goal	AL	90th percentile		Typical Source	Violation
Lead (ppb) 30 sites sampled at consumer taps; 1 exceeded AL.	0	15	5.7	July 2014	Corrosion of household plumbing; Erosion of natural deposits	No

* Not all contaminants have Maximum Contaminant Levels (MCLs) or Goals (MCLGs). Some have Treatment Techniques (TT) levels, Action Levels (AL), Maximum Residual Disinfectant Levels (MRDLs) or Goals (MRDLGs).

**TTHM and HAA5 are potential carcinogens. If they exceed the MCL, they may cause liver, spleen, kidney and central nervous system problems. Gladstone is required to take four samples in each quarter of 2014.

TERMS & ABBREVIATIONS

AL: Action Level: Concentration of a contaminant, when exceeded, triggers treatment for the water system to follow.

MCLG: Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

MCL: Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

n/a: Not Applicable.

NCCWC: North Clackamas County Water Commission.

ND: Not Detected: Laboratory analysis indicates that the constituent is not present or not detectable.

NTU: Nephelometric Turbidity Unit: The measure of turbidity or cloudiness of the water. Turbidity has no health effects. It is monitored, however, because it can interfere with disinfection and provide a medium for microbial growth.

ppb: Parts per billion or micrograms per liter. For example, 1 ppb is one second out of 32 years; one penny in \$10,000,000.

ppm: Parts per million or milligrams per liter. For example, 1 ppm is one second out of 12 days; one penny in \$10,000.

Range: The lowest amount of a contaminant detected and the highest amount detected during a sample period.

Result: Refers to the highest level detected, unless otherwise indicated.

90th percentile: Compliance is determined by 90% of the samples taken having lead levels less than or equal to the AL of 15 ppb.

water...
every drop counts

IMPORTANT HEALTH INFORMATION

Drinking water, including bottled water, may reasonably be expected to contain at least trace amounts of some "contaminants". The presence of these do not necessarily indicate that water poses a health risk. Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons, such as those undergoing chemotherapy, those who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly people, and all infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. Environmental Protection Agency/Centers for Disease Control (EPA/CDC) guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline at (800) 426-4791.

THE EFFECT OF LEAD IN DRINKING WATER

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. The City of Gladstone is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking.

If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline (800) 426-4791 or on their website www.epa.gov/safewater/lead.

GLADSTONE CITY NEWSLETTER

JUNE 16, 2015

For the latest information about our City, visit www.ci.gladstone.or.us

VOLUME 41, NO. 6

City Council Vacancy

At its meeting on June 9th, the City Council regretfully accepted the resignation of Len Nelson who held City Council Position #6. Position #6's term expires 12-31-16. The Council is requesting interested applicants to apply for an appointment to the vacancy. The City Council will consider applications for appointment at the August 11th meeting. To obtain an application for appointment visit the city's website at www.ci.gladstone.or.us, email Morishita@ci.gladstone.or.us, call 503-557-2766 or stop by City Hall, Monday-Friday, 8am to 5pm. Applications must be returned to City Hall by 5pm on August 3, 2015.

Low Income Discount for Water/Sewer Bills

Water and sewer discounts of 50% are available to low income residents who are billed directly by the City. Applications are renewable on an annual fiscal year basis. Current discounts expire June 30, 2015. Applications may be downloaded from the City's website at www.ci.gladstone.or.us, picked up at City Hall, or by calling 503-557-2771. Low income discounts will be based on Federal poverty guidelines.

Gladstone Police Dept. (GPD) News

*The GPD is seeking the identity of the pictured individual for questioning as a witness to incidents in the area of W. Ipswich Street and Bellevue Avenue. He is described as a white male adult, mid 30's, 6' to 6'1", average build, pocked marked face. Please contact Detective Kevin Voss at 503-557-2762, voss@ci.gladstone.or.us or Sgt. Lee Jundt at 503-557-2787, Jundt@ci.gladstone.or.us with any information.

***Driving Safety Tips**—We all know that drinking & driving is always a bad idea, so plan ahead for a designated driver during vacation and holiday celebrations. GPD will be holding extra safe driving enforcement patrols over the summer during the 4th of July & Labor Day holiday weekends. Things to keep in mind every time you get behind the wheel: NO driving after drinking, always fasten your seatbelt, and NO texting or cell phone use while driving. Driving sober and keeping your eyes on the road and both hands on the wheel will help keep you & your passengers safe during travels.

***Street Parking Regulations**—Gladstone Code Enforcement reminds citizens that city ordinances regulate on-street parking and are very specific as to the type of vehicles that can park on the street and for how long. Complete details are in Chapter 10.04.230 of the Gladstone Municipal Code (available online at <http://qcode.us/codes/gladstone/>). Summer is the time of year boats, trailers & RV's come out of storage, take a moment to read their parking requirements (regulations for cars & trucks are also included). By following regulations, we all can enhance our neighborhoods and improve public safety.

***** CHIEF'S CORNER *****

***1st Annual Spring Fling**—This was a fundraiser to support NAMI, Clackamas Women's Services and a Village for One. A big "thank you" to the Mayor and Police Dept staff members who attended this event on their own time and represented us well. Thank you GPA for co-sponsoring.

***Children's Golf Course Fundraiser**—Good times were had and your Gladstone Police team won the event, in turn donating the winnings (\$800+) to the Children's Course!

***Children's Golf Course Summer Program**—The Mayor was inspired by the fundraiser and brought together City, School and golf people to begin and sponsor a summer program for at-risk kids in Gladstone. This will be an 8-week program to foster support and provide life-tools for these kids in our City. The GPD will be an active participant.

***Drug Take Back**—This event was April 25th and held in conjunction with the Gladstone-Oak Grove Rotary's shredding event and cleanup. Look for this to expand next year. A big "thank you" to our volunteer police reserves for making this a success!

*Look for us on Facebook, and Acting Police Chief, Jeff Jolley, will be available at the upcoming "Coffee with a Councilor" or if you want to chat, call him at 503-557-2764.

4th of July Fireworks Reminder

Please keep safety in mind during the 4th of July holiday. If you purchase fireworks from a stand in Oregon, they're legal. If the firework explodes, flies into the air, behaves in an uncontrolled and unpredictable manner or travels more than 6 feet on the ground or 12 inches in the air, it's illegal in Oregon. The dispatch center will be overwhelmed with fireworks-related calls and will appreciate your help if you call 9-1-1 to report fireworks issues **ONLY** if they pose a direct and immediate danger to property or persons. Also remember to be veteran and pet sensitive—fireworks can be frightening to animals and near torture to some of our War Veterans.

Gladstone Fire Department News

Summer is approaching and with summer comes warmer weather. Following several days of 90 degree weather in June we have a jump start on the un-kept lawns turning to fire hazards. The Fire Marshal and Code Enforcement Officer are both working to resolve code issues as we become aware of them as quickly as possible. Unfortunately the legal process takes time to force residents to respond to code violations. Please assist us by mentioning to your neighbors that lawns need to be kept low during the summer to minimize fire danger. Remember summer also brings children outdoors. While we may have relief in SOME school zone areas we will experience a greater number of children in crosswalks and riding their bikes on the side of the road. Please watch for kids on bikes and skateboards and be sure your child is wearing proper protective headwear.

Disclaimer: This Newsletter contains information provided by various community individuals/groups which are not affiliated with the City of Gladstone. The City does not necessarily endorse such information and provides it simply as an informational service to our community.

Save the Dates—Community Festival

The fun will happen July 31st—August 2nd.

This year's festival will be more fun-packed than ever! There will be a **Dunk Tank**, an **All-Age Dance**, an awesome **Dodge Ball** competition, **Arcade Games**, a community-wide **Treasure Hunt**, **Pie Baking Contest**, **Squirt Gun Fight on a Pirate Ship**, **Slip & Slide** and many more new things to accompany our world-famous **Parade**, **Movie in the Park**, **Bingo**, **Community Art Show**, **Book Fair**. Lots of **Vendors** and our unbelievable awesome **Car Show**, which will include a **Kiddie Car Show** and many, many more fun things to see and do. Thank you to the Gladstone/Oak Grove Rotary for presenting this festival for our community! You can help too! Get involved. This world is operated by those who show up to help make things fun and exciting. Rent a booth space for only \$50 to display your wares, your talents or your company. Enter your art work in the art show, bake a pie, get 5 people together for a dodge ball team, or simply volunteer to help, and we'll find something for you to do. Call **Bob Everett** at 503-201-0785 or **Jal Duncan** at 503-201-5952. For more information, vendor & parade applications, visit www.gladstonecommunityfestival.org. All volunteers will receive letters of appreciation for their efforts, which can be used for college applications.

Planning Commission Meeting

At its meeting on July 21st beginning at 6:30 pm, the Gladstone Planning Commission will discuss two applications: 1) 220 Portland Ave—a proposal for a three-story multi-use building—commercial on the ground floor with residential on the top two floors and 2) 18121 Webster Road—a proposal for 122 apartments spread across several buildings. The Planning Commission packet will be available for view online at www.ci.gladstone.or.us on July 15th.

Tri-Met Detour Reminder

Tri-Met's Line 79-Clackamas/Oregon City will be temporarily detoured for Strawberry Lane overcrossing construction due to an Oregon Dept. of Transportation (ODOT) project to raise the overcrossing of I-205 at Strawberry Lane. The project is expected to finish in September 2015, during which Strawberry Lane will be closed. During this closure, Line 79 will be detoured onto the 82nd Drive crossing over I-205. Doing this will remove regular service from bus stops along Oatfield, Webster and Strawberry Lane. Thanks for your patience during the construction period. For questions, call 503-238-RIDE (7433), M-F, 8:30am to 4:30 pm or visit www.trimet.org/strawberrylane.

Bus Stop

City Board Vacancies

At its meeting on July 14, 2015 the City Council will consider requests for appointments to one position on the Senior Center Advisory Board, two positions on the Budget Committee & one position on the Parks & Recreation Board. Applications must be returned by 5pm on Monday, July 6, 2015. Visit www.ci.gladstone.or.us to download an application & for additional information.

Coffee with a Councilor

Coffee with a council member assists the City Council to better communicate with the residents and businesses of our community. This is an in-formal meeting with 1-3 council members. Bring ideas, complaints and solutions to make Gladstone a better community. This is an informal meeting and no official decisions will be made. Upcoming meeting dates at the Gladstone Library are: July 13th, 10am and July 27th, 6:30 pm. Please come and share your thoughts.

Water Conservation Tips

Believe it or not, almost 95% of the State of Oregon is experiencing dry conditions. Be mindful that the flows this summer could be a bit lower than normal. *Don't run sprinklers so long that water runs off your property and out into the street; *Adjust and monitor sprinklers to keep water on the areas that need it, not street or driveway; *Cut the number of days you water your grass by a third—water every third day instead of every other; *Wash your car on the lawn or at a carwash that recycles water.

Mega Sports Camp

Boys & girls ages 4 years through completed 5th grade are invited to the Mega Sports Camp, Wednesdays, June 17th-August 19th from 7-8:30 pm at Tri-City Baptist Temple McCormick Family Center, 18025 Webster Rd. The camp includes basketball and cooking. Fee is \$10 (includes t-shirt). For info, visit www.tcbt.org or call 503-655-9326.

Lineman Training

Portland Metro Athletics Lineman Training is scheduled for eight sessions June 28th—July 25th with Coach Jeremy McDonald at Gladstone High School on the turf or grass. Now accepting all lineman grades 6-12. Come have fun, work on conditioning, agility, and line techniques. Sessions are two days a week for one hour at a time. Cost is \$80. For info or to sign up, visit <http://www.portlandmetroathletics.com>.

Fall Soccer Registration

Gladstone Soccer Association Fall Registration is now open! Registration closes July 16th, waiting list as of July 17th. Cost: \$75 early bird until June 16th, \$85 June 17th-July 17th. Family Max is \$180. For walk in registration dates go to www.gladstonesoccer.com for details.

Library Foundation (GPLF) News

The annual Gladstone Public Library Foundation Book Sale is fast approaching and we need volunteers to help set up and work restocking the tables. Set-up days are Wednesday & Thursday, July 29th & 30th. Sale days are Friday-Sunday, July 31 to August 2. There will sign-up sheets in the Library for each day. Remember, we will not be accepting any books/DVDs/CDs to the library after July 1st. You can still bring materials on Friday & Saturday from 9-11am before July 1st. Staff needs time to sort & box items for the sale. If you are interested in making a donation or volunteering, please call 503-734-0999.

Employment Opportunities

The City is accepting applications for Temporary Seasonal Employees-Public Works and On-Call Library Assistants: Circulation & Reference. For details, visit the employment page at www.ci.gladstone.or.us.

Library News—135 E. Dartmouth

503-656-2411

► **Summer Reading Program Continues!**—Children up to age 18 can still sign up. Completed reading logs accepted between July 6th-August 31st. Events include: **Pink Pig Puppets**, July 8th at 3pm; **OMSI**, July 15th—Crime Scene at 1:30pm & Dinosaurs at 3pm; **Mo Phillips** (music & fun): July 22nd at 3pm; **Reptile Man**, at Center for Children & Families, 18905 Portland Ave., July 24th at 10am & 1pm.
► **Family Game Night**—July 2nd, 6:00 pm. Bring your own board/card game or use ours. Come meet others and have fun! Free!
► **Photography Group**—July 11th, 2:00 pm. Meets from 2-4pm the 2nd Sunday of each month. New topic assigned to be photographed and discussed each month. Occa-

sional outings, group shows, workshops & opportunity to display work.
► **Rock Readers Book Club**—July 21st, 6:30 pm. This month club discussion, *Broken Harbor*, by Tana French. Books can be checked out at Info. Desk.
► **Master Gardeners on Seed Saving**—July 27th, 6:00 pm. Learn how to save this year's seeds for future plantings.
► **Dr. Who Club**—July 16th, 6:00 pm. Are you a fan of Dr. Who? Meet fellow fans, watch an episode & share show related news. All ages welcome.
► **Library Playgroups for All Ages**—Tuesdays & Thursdays, 9:30 am. Library playgroup is an opportunity for children to find new playmates and for parents to

make new friends.
► **Toddler Storytime**—0-3years. Tuesdays, 9:30 am. Movement & rhyme oriented storytime is designed for young children.
► **Storytime**—for all ages. Thursdays at 9:30 am. Books, songs, rhymes & movement activities that build literacy & language skills.
► **Lab Rats**—July 7th, 3:30 pm. Discover the world of science through stories & experiments.
► **Lego Club**—July 1st, 3:30 pm. Free, unstructured Lego play time! Legos provided.
► **Book Buddies**—July 14th, 3:30 pm. Book club for elementary school children. Books can be checked out at Info. Desk.
► **Teen Movie Night**—July 9th, 6:30 pm.

Senior Center Events—1050 Portland Ave

503-655-7701

© **Wills, Trusts & Estate Planning**—Thursday, July 9th from 6:30-7:30 pm. Attorney Joshua Lips will advise of fundamentals of wills, trusts, powers of attorney, advance directives, and estate planning. Cost is \$10. Sign up at Gladstone Community Education, 503-650-2570.
© **AARP Smart Driver Course**—Saturday, July 18th from 9am to 4:30pm. This class is open to all ages to help increase your skills to become a safer, more defensive driver. Upon completion, those 55 years or older may be eligible for a discount on auto insurance. Cost is \$20 without AARP card or \$15 with an AARP card. Call the Center to register.
© **Oregon Health Decisions**—Tuesday, July 21st at 11am. Presents KEY Conversations information on Advance Directive. Free forms provided for the Directive. Come and learn about this free program.
© **Alzheimer's Association**—will hold a presentation on the Basics: Memory loss, Dementia, and Alzheimer's on Wednesday, July 28th from 10-11am. Understand what is happening to a person with Alzheimer's and the impact of the lives of those who interact with them. Free!
© **Parking Lot Sale**—Have you ever wanted to have a yard sale, but don't have the space or enough traffic? Well, here's your chance! This year the Senior Center is selling spaces for their first ever parking lot sale. The sale will be August 2nd during the Community Festival. Cost for a parking lot space is \$10—Limit 2 spaces. Call the Center for additional information or to reserve your spot!
© **TRAM Trip**—June 25th—Cat on a Hot Tin Roof at Clackamas Repertory Theatre. Leave 6:30 pm, Return 10:30 pm. Cost is \$20 (includes ticket and bus).

SHOC Foundation Empowerment Day Walk & Run/Pancake Breakfast

The Sherie Hildreth Ovarian Cancer Foundation (SHOC) will host their annual walk/run and FREE pancake breakfast on Saturday, August 1st at Latus Motors, 870 E. Berkeley. Come walk or run to support Ovarian and Gynecologic Cancers, and enjoy a FREE pancake breakfast. For information and online registration, visit shocfoundation.org or contact info@showfoundation.org. The SHOC Foundation is a 501 (c) 3 nonprofit organization. Your registration fee is tax deductible.
