Gladstone Municipal Code 5.32.085 – Denial, revocation or non-renewal of license

- (1) *The following constitute grounds for revocation or non-renewal of a license required under this chapter:*
 - (a) *Failure to supply materially complete and accurate information required by the city on the application form or in a supplemental inquiry by the city;*
 - (b) *A determination that the proposed business has established a history of noncompliance with applicable requirements of the laws of a state or this Code or any other similar codes or regulations;*
 - (c) *A determination that the applicant, or any other person who will be engaged in the operation or management of the business, has had a license revoked for such causes as would constitute grounds for denial of a license under this chapter, or that such person has operated a business found to be a nuisance or has been convicted of a felony drug offense or a crime of moral turpitude, which would render such person unfit to manage or operate a business regulated under this chapter;*
 - (d) *A determination that any owner or employee of a business regulated by this chapter has committed a criminal offense under the laws of a state relating to fraud or theft and such offense was connected to the operation of the licensed business such that the person or persons in charge of such business knew or should reasonably have known that such a violation did or would occur.*
- (2) *A license under the Chapter may be granted despite the existence of one or more of the grounds of denial if the city concludes that the basis of such grounds is not likely to recur, is remote in time, or occurred under circumstances that, in the opinion of the city, diminish the seriousness of such grounds.*
