Budget Message

March 25, 2019

To the Honorable Mayor
Members of the Gladstone City Council
Citizen members of the Gladstone Urban Renewal Agency Budget Committee
Citizens of the City of Gladstone

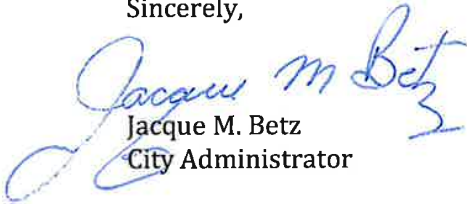

It is my pleasure to present to you the 2019-21 proposed biennial budget for the Gladstone Urban Renewal Agency (GURA). The purpose of GURA is to administer the statutory tax increment revenues for funding the goals and objectives of the Gladstone Urban Renewal District Plan through designated projects within the District.

In June of 2018, GURA authorized indebtedness for Capital Projects for the District and approved the 23rd Amendment updating the project descriptions, pursuant to Resolution No. UR-65. These authorizations allowed the City to fund construction for a new city hall and police station.

The City has since entered into two agreements to finance the design and construction of the new facilities. The total project cost is \$12.8 million and required a combination of funds to realize completions. Financing was issued by the Gladstone Urban Renewal Agency for \$3.8 million and the City of Gladstone with a full faith and credit note for \$3 million as authorized by Resolutions No. UR-66 and No. 1137. There is an agreement between GURA and the City for transfer of funds for the City's debt services. The remainder of the total cost of the project is available in GURA cash funds and is fully capable of funding the projects and expenses.

Civic spaces are an extension of the community and when cities and neighborhoods have thriving civic spaces; residents have a strong sense of community. Gladstone deserves these highly anticipated and voter approved public amenities that will trigger thoughtful redevelopment on Portland Avenue; we look forward to their completion in this next biennium.

Sincerely,

Jacque M. Betz
City Administrator

About the District

The City of Gladstone Urban Renewal Agency (URA) is a separate entity from the City. The Gladstone City Council serves as the Board of Directors for the URA and is financially accountable for its operations. In accordance with Oregon Budget Law, the URA prepares its own budget, and the Board of Directors approves its annual appropriations.

Urban Renewal Agencies are designed to borrow money and make expenditures for economic and community development projects included in the Urban Renewal Plan.

Urban Renewal Tax Collections are not an additional tax. Urban Renewal Tax Collections are used to initiate development that would not be financially feasible without infrastructure improvements made possible by urban renewal financing.

Limitations on Urban Renewal

Urban Renewal plans include limitations to ensure that the effects of the plans on overlapping taxing districts are finite. Although some plans include a limitation on the duration of the plan, such a limitation is not required by Oregon Revised Statutes (ORS). Instead, the statutory limitation on Urban Renewal is maximum indebtedness. This is defined in ORS 457.010(9):

“Maximum indebtedness means the amount of the principal of indebtedness included in a plan pursuant to ORS 457.190 and does not include indebtedness incurred to refund or refinance existing indebtedness.”

To clarify the definition of maximum indebtedness, below are a few key points:

- Not all debt must be formal debt (i.e., municipal bonds or bank loans). Other forms of debt can include interfund loans or a contractual debt.
- All Urban Renewal plans must have a maximum indebtedness.
- Once an Urban Renewal area has reached its maximum indebtedness it can no longer incur any new debt to fund any more projects.

Gladstone Maximum Indebtedness

The Gladstone Urban Renewal Plan has a maximum indebtedness of \$23,589,427. That is essentially the total amount of revenue that can be spent on projects. As of January 31, 2019 the balance of maximum indebtedness is \$15,650,079.

Maximum Indebtedness Authorized:	\$23,589,427
All Non-Debt Service Expenditures	
Community Development	3,310,571
Transfer Out	700,000
Personal Services	1,768
Materials & Services – URA related	273,176
Materials & Services – Project related	62,355
Capital Outlay	3,133,670
Transfer of Capital Assets	<u>457,808</u>
Subtotal	<u>\$7,939,348</u>
Maximum Indebtedness Used	<u>\$7,939,348</u>
Maximum Indebtedness Remaining	<u>\$15,650,079</u>

Budget Highlights:

- ✓ The majority of revenue comes from cash carried forward from previous years, accumulation of restricted tax revenue to be utilized for the construction of City Hall and the Police Station. The balance of revenues are property taxes collected within the respective fiscal years and interest income,
- ✓ The requirements have been separated into items required by the Urban Renewal Agency (shown under Materials & Services) and Debt Service, and capital project related (Operating Transfers).
- ✓ The transfers to General Fund are the reimbursement for the FF&C note borrowed by the General Fund for the capital project. The actual payment is made out of the General Fund, so reimbursement comes from the GURA. The transfers to the Civic Building Capital Fund cover the costs of construction and all related items. Costs are initially paid out of the Civic Building Capital Fund, then reimbursed on a periodic basis.
