New Civic Buildings Bring Excitement to Gladstone

“Three new civic buildings in one City is a special rarity and Gladstone is poised to move forward on a new library, city hall, and police department; without requiring new tax revenues.”

By City Administrator Jacque M. Betz

Gladstone Library

Congratulations to the citizens of Gladstone on the recent voter-approval of a new library. This validation allows the City of Gladstone and Clackamas County to move forward with the planning and construction of a new 6,000 square foot library to be located at 525 Portland Avenue (once the old city hall is demolished). The proposed Gladstone library will work in a two-branch system with the new Oak Lodge Library and will bring improved library services, amenities, and opportunities to the Gladstone community.

The next steps include coordination with Clackamas County on a process that includes preliminary planning, the formation of a task force, project plan, and a robust visioning process to learn more about community needs for the new library space; all of which will be complete hopefully by September 2019. The City developed a web page at Gladstonelibraryproject.com and will provide updates periodically. This is a very exciting project for the community and much deserved.

Gladstone Civic Center Project Kick-off Ceremony

When: Tuesday, June 26, 2018 at 5:45pm

Where: the NEW location, 18505 Portland Avenue, Gladstone

Open to the Public

Come Help Us Celebrate!

Gladstone Civic Center Project Update- At the May 8, 2018 City Council Meeting the Council authorized an agreement with P&C Construction to provide Phase I Progressive Design-Build Services for the Gladstone Civic Center Project, which includes a new city hall, police department, and municipal court. Funding for this project will come from the Gladstone Urban Renewal Agency. The new buildings will be located at 18505 Portland Avenue (adjacent to the City's existing public works/shops property). We expect them to be constructed and operational by March 2020.

The Team lead for P&C Construction is Steve Anderson, and Will Somme will serve as the Project Manager. Scott Edward's Architects' Sid Scott and Jennifer Marsicek will serve as the Design Manager and Design Lead respectively and will be responsible for the overall management of the design team. The strengths of the "Dream Team" include;

- Overall highest combined interview score for the qualifications, approach and compatibility.
- Strong portfolio of successful, similar size and scope projects for public clients
- Well organized and collaborative team presentation
- Strong leadership and strategy for staying within the City's budget

The total base project budget is \$12 million with City options to include up to \$775,000 of additional program elements if desired. In Phase 1 the "Dream Team" will conduct design services, electrical and low voltage studies, boundary and topo surveys, geotechnical services, a traffic study and furniture, fixtures, and equipment consulting. These milestones are projected to be completed by November 15, 2018. Upon completion the "Dream Team" will have collaborated with the City to complete a 50% design development level of design and establish a Guaranteed Maximum Price (GMP) for completion of the project. The next phase of the contract will go to the City Council in late November, early December.

Paralleling the design-build process staff has consulted with bond counsel and finance managers to refine exact amounts the City will need to borrow from the urban renewal agency reserves and future funds. Final documents will be considered in a publicly noticed meeting of the Gladstone City Council and Gladstone Urban Renewal Agency on June 12, 2018 at 6:30 pm. The documents will be published on the City's website at www.gladstone.or.us.

We are very excited to move forward with the next phases of the new Civic buildings and hope that you will be engaged in the visioning processes.

The Fourth of July Holiday is just around the corner. Please drive safe and sober as well as handling any fireworks with caution.

Each year in the United States, we celebrate the Fourth of July with community parades, picnics, barbecues, and fireworks - the things of which happy memories are made. But sadly, Independence Day also includes tragic events and injuries resulting from illegal fireworks use. Many times children are witness to unsafe fireworks behavior. Another concern is both animals and some veterans are often traumatized by the sights and sounds of illegal fireworks.

Aside from the danger (both legal and personal) of exploding illegal fireworks, there are multiple fireworks caused fires and property damage recorded each year.

Legal fireworks may be purchased only from Oregon permitted fireworks retailers and stands. Oregon law forbids possession, use or sale of fireworks that fly, explode or travel more than six feet on the ground or 12 inches in the air. Bottle rockets, Roman candles, and firecrackers are ILLEGAL in Oregon.

Under Oregon law, officials may seize illegal fireworks and fine offenders for possession of illegal fireworks. Offenders may also be arrested. Any fireworks causing damage or misuse of fireworks carries a liability for the offender, who may be required to pay for resulting fire or other damage. Parents are liable for fireworks-caused damage by their children. Costs may include assessed fines as well as the cost of suppressing fireworks-caused fires.

Gladstone Firefighters wish you a safe a happy holiday.

Backyard Barbecue & Outdoor Fun

Summer is on its way—time to have a BBQ! Always be in attendance while you use your propane or charcoal cookers. To help insure your safety, check the date near the handle of your propane bottle. Propane bottles need to be recertified after 12 years initially and every 5 years thereafter. If charcoal briquettes are more your style, be sure to store the bag in a dry place at all times. If your charcoal based fuel gets wet or damp, they can self-ignite under certain conditions, and that can spell disaster. If lighter fluid is used, be sure to follow the directions on the can and never apply fluid when there is an open flame.

4th of July BBQ

The Gladstone Police and Fire Departments will celebrate the 4th of July by holding their 4th annual community barbecue with hot dogs, chips, water & cookies on Wednesday July 4th. Preventing Our Kids from Falling from Windows

Each year, according to the CDC (Centers for Disease Control and Prevention), over 5000 children accidentally fall from windows. As the warmer weather arrives, we need to recognize and prevent these accidents from happening. There are simple tips and hardware ideas that can be found at any local hardware store to help prevent another tragedy.

Prevention Tips

- ▶ In homes with children, install window guards on all second-story or higher windows.
- ▶ Use window stops to prevent windows from opening more than 4 inches.
- ▶ Window screens are not designed to stop a child from falling. A normal window screen is

NOT enough to keep children safe.

- ▶ It is best to purchase window guards with a quick release mechanism. This will allow the window to be opened easily by an adult in the case of a fire emergency.
- ▶ Install locks on sliding windows to prevent children from opening them.
- ▶ Move all furniture away from windows. Children can climb on furniture to access windows that are otherwise out of reach.
- ▶ Create soft landing surfaces such as bushes or plant beds under windows to help prevent serious injuries in case of a fall.
- ▶ Do not allow children to play on fire escapes, roofs or balconies.
- ▶ Make sure that older children understand the dangers of climbing out of or jumping from windows.
- ▶ Young children should never be left at home unsupervised.

Clean Water Tips

Protecting our groundwater is important, especially since 70% of the state relies, at least partially, on it for drinking water. This is why we must keep our groundwater clean by: *preventing oil & fluid leaks with proper vehicle maintenance; *picking up pet waste; *never dumping any type of waste into gutters, catch basins or into the street. Cleaning catch basins also helps maintain good flow through the stormwater system preventing flooding. Residents are asked to help keep catch basins clear of debris. If a catch basin is full or is not draining after a rain event and residents have removed any road debris from the catch basin, please contact Public Works at 503-656-7957.

Backyard Habitat Certification Program expands into more County neighborhoods

Clackamas County Water Environment Services (WES), the Columbia Land Trust, Audubon Society of Portland, and Clackamas Soil and Water Conservation District have expanded the Backyard Habitat Certification Program into neighborhoods within Damascus, Gladstone, Happy Valley, Oregon City, Rivergrove and Wilsonville.

Private homeowners and community groups or organizations in these areas with yards under one acre can sign up for the Backyard Habitat Certification Program. The program provides technical assistance, advice, and incentives to residents who want to improve wildlife habitat in their yards, control invasive weeds, utilize their rainwater, and garden naturally. Contact Clackamas County

Picnics/Parties at Patterson Park

Reservations for picnics and birthday parties are **NOT** required at Max Patterson Park—picnic areas are available on a first come, first served basis. Be aware, bouncy houses and rock climbing walls are NOT permitted at any city park. For additional details, visit www.ci.gladstone.or.us.

Welcome To Gladstone's New Probationary Firefighters!

On Wednesday, June 6th, we swore in four new probationary firefighters. Each of them committed their time on the weekends and successfully completed over 7 months of training. This is an exciting time for our department as these new firefighters are now qualified and responding on emergency calls. Their learning has just begun, and fire department mentors will keep close watch over them as they gain experience.

Pictured left to right; Captain Richard Newton, Probationary Firefighters' Charles Stay, Jared Sturzenegger, Ryan Miller, and Jesse Person, Fire Chief Tom O'Connor.

Water Temperatures

While the weather may make you want to break out your swimsuit, first responders want to remind people that the water is still cold this time of year.

The sun will be shining and temperatures rising to the 80s, but water temperatures aren't expected to rise until July. Current water temperatures average 40s to low 50s. The cold combined with deep water and a 6 mile per hour current makes swimming conditions dangerous. Clackamas Fire officials said they aren't encouraging people to stay away from the water, but they want them to be prepared. American Medical Rescue's River Rescue program has kicked off and people can now find lifeguards at High Rocks. AMR is asking people who head out to area rivers to make sure that they have a lifejacket with them. Especially because the rivers and lakes are still running very cold.

Gladstone Food Pantry to Close

After serving hundreds of local families since fall 2014, the Gladstone Food Pantry will end operations this summer. June 16 will be the last day customers can get free food at the site. Run by a team of 55 volunteers, the pantry behind Gladstone High School has given families the opportunity to choose free produce, meat, canned goods, milk, and more. The first quarter of 2018, the pantry provided food to 708 people, 39 percent of them children and 16 percent seniors. Partners in the project included the Oregon Food Bank, Bob's Red Mill, Dave's Killer Bread, and grant funders Clackamas County and the Gladstone Education Foundation. "Gladstone Schools started the pantry because we know reliable access to food stabilizes struggling families and helps our students learn better," said program leader Leslie Robinette. "However, as schools again face funding cuts, the sad reality is that we can no longer afford this program." The school district hopes that by fall or winter it will find a government, non-profit, or corporate partner to provide the funds needed to reopen the pantry. Until then, schools will refer families to food resources in nearby communities.

Drop Off Unwanted Prescriptions at Gladstone PD

Flushing drugs down the toilet or putting them into the garbage have damaging effects on our environment and can contaminate our surface & groundwater supplies. Both drinking and wastewater treatment plants are not designed to treat for these kinds of chemicals. Drop off your old, expired or unwanted prescriptions at the Gladstone Police Department, MED RETURN receptacle, Monday-Friday, 8am to 5pm. No paperwork or fee required!

Let's Talk About Trash: Rigid Plastics

Due to weak plastics pricing, recycling depots have suspended accepting bulky and rigid plastics. These plastics belong in the garbage.

Bulky and rigid plastics include lawn furniture, crates and storage bins, take out trays, containers, cups, etc.

Limit plastics going into the landfill by remembering to use reusable containers whenever possible. Bring your own containers to the store.

Street Parking Regulations

We are approaching the time of year when owners of boats, trailers, and RVs are preparing them for summer outings. Gladstone Code Enforcement would like to remind its citizens that there are city ordinances regulating on-street parking, and these ordinances are very specific as to the type of vehicles that can be parked on city streets. Chapter 10.04.230 of the Gladstone Municipal Code (available online on the city's website, www.ci.gladstone.or.us) describes parking issues. Please be mindful of neighbors and use alternative parking, such as RV pads or local RV storage facilities, etc. By following these guidelines we can all enhance city services, improve public safety and help make our neighborhoods more "neighbor friendly" for Gladstone residents.

Planning & Permits

The City contracts with Clackamas County for administration of the City's land use planning and building permits, including plumbing, electrical, grading, etc. For information, visit the county's website at www.clackamas.us/building or call 503-742-4240.

Sidewalks and Clear Vision

The Gladstone Municipal Code states that property owners are responsible for maintaining sidewalks abutting their property and are liable to any person suffering injury due to a defective sidewalk. The City's general standard for sidewalk maintenance states "not to exceed 1/2" vertical lift." This is similar to property owners being responsible for maintaining landscaping for clear vision of motorists at street intersections. Both the property owner and the City can be held liable for accidents when they are notified but fail to remove clear vision obstructions. Please check the condition of sidewalks along your property and check for adequate clear vision if your property is located at a street intersection.
