

GLADSTONE POLICE DEPARTMENT CHIEF'S MONTHLY REPORT TO CITY ADMINISTRATOR AND COUNCIL

CHIEF'S REPORT

May 2021

Greetings,

Besides all of the great work members of the Gladstone Police Department has accomplished over the month of May, this month was dedicated to community preparedness and overall Emergency Management. Over the last two years of experiencing one emergency after another, COVID, wild fires, and the ice storm, Fire Chief Huffman and I recognized a few gaps that in our opinion are critical to the city's overall response to an emergency. The gaps that were recognized along with lessons learned has better positioned the city to utilize our volunteers which are essential for the overall success.

The City's Emergency Management Team has been working with community volunteers, Gladstone Emergency Management Support (GEMS), Community Emergency Response Team (CERT), and our Chaplains Program setting responsibilities and expectations in the event of another critical incident. We have identified needs and are in the process of acquiring the appropriate resources. Additionally, we have developed a response plan in the event we need to activate today if needed.

One area that we recognized as both good and problematic was communication. Although a majority of our community relies on technology there are some that do not for a variety of reasons. Even then, if the city loses power as we did during the ice storm, we lose connectivity to those that rely on technology. For this reason, we have double downed on how we will communicate. The city will communicate through technology along with open a community resource center where real time information can be obtained, questions answered or researched to get answered along with fulfilling needs such as charging stations etc...

The Emergency Management Team of Gladstone and Community Volunteers have worked hard and continue to work preparing for the next critical incident. Part of GEMS and CERT's responsibility is developing a community preparedness program which they are committed to doing. A great group of people to work with who are committed to service. If you know one of the members thank them and if capable, join their team as a volunteer.

Sincerely

A handwritten signature in black ink, appearing to read "John Schmerber".

John Schmerber, Chief of Police

PATROL CODE ENFORCEMENT MONTHLY REPORT

Prepared by Jim Leake

May 2021

This month GPD Patrol Officers responded to several Code Enforcement related incidents:

Parking Complaints – 27
Abandoned Vehicles – 5
Animal Complaints – 10
Noise Complaints – 11
Premise Checks – 66

The patrol officers are assisting Code Enforcement by addressing issues as they come into contact with them.

This month our parking complaints increased and our abandoned vehicles decreased quite a bit as citizens are getting better educated about parking their vehicles. There were more vehicles addressed throughout the city by our code enforcement officer (See Boyle's Report for more detail).

Our animal complaints held steady with only one Permit Dog to Run at Large case reported this month. The dog had been hit by a car and the body was given to the owner for disposal. This particular person is under investigation by Code Enforcement for running a dog sitting business without permits.

Noise complaints held steady this month. The weather has been warmer and more people are engaging in springtime activities like camp fires and BBQ's. Many folks are still at home due to Covid 19 as well.

Officers have added premise checks to their proactive events and this relates to code enforcement as they are checking vacant houses, parks, businesses and other areas that need increased presence.

GLADSTONE POLICE DEPARTMENT K9 MONTHLY REPORT TO CHIEF AND COUNCIL

K9 MONTHLY REPORT

Prepared by: Officer Olson

May 2021

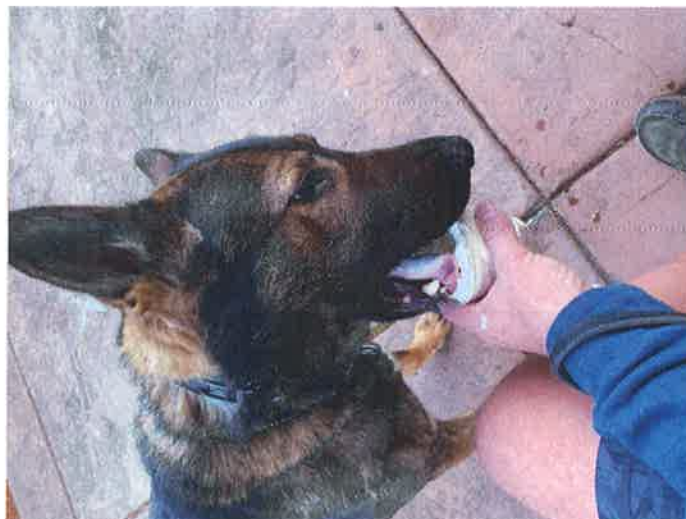

K9 Nanuk is a four-and-a-half-year-old German Shepherd born in Slovakia. At seven weeks old K9 Nanuk was sold to a man in Germany who started training K9 Nanuk. In Germany in order to breed a dog they must achieve a sport title. In Germany the primary sport is schutzhund. schutzhund training is comprised of three separate parts, they are obedience, tracking, and protection work. You can accomplish three levels of titles from this training. K9 Nanuk was imprinted with the beginning knowledge in schutzhund training however he was sold at a young age and he had not achieved a title. Most working dogs are sold to kennels where police agencies purchase them with some sport dog training up to titled dogs in sport training. The training is then adapted to police work.

A Prius was stopped for operating without license plates. Prior to this vehicle being observed by a Gladstone Police Department officer, Clackamas County Sheriff's Office had received a report of a hit & run crash in the area of Jennings/ McLoughlin where the same vehicle was believed to be involved. Shortly after stopping, the driver quickly took off running on foot. A gun (pellet) was located in the driver's door pocket of the vehicle. An area check was done, searching for the suspect, but he was not initially able to be located. Over the subsequent 24 hours, officers did some digging and were able to identify the driver/ suspect. PATROL UNIT MONTHLY REPORT Continued....

Officers and Detective Fich were called to a death investigation where a 24-year-old male was found deceased by his roommates. Upon investigation, it was discovered this was a drug overdose and the male had died about 13 hours earlier. He had a history of using drugs and “partying” a lot. This was the second drug overdose in 8 days. This case was ultimately turned over to detectives and the medical examiner for follow up.

May 28 – Friday

Officers responded to a neighbor reporting that she woke up to find a vehicle crashed in her yard. The vehicle was unoccupied when police arrived. The neighbor reported hearing something around 4-5am but did not get up to investigate. In looking through the car to identify an owner, there were several dozen empty alcohol bottles, marijuana oils, psilocybin mushrooms and other drug paraphernalia. The vehicle was registered to a 19-year-old male. The male was contacted and admitted he was severely intoxicated/high and had gotten behind the wheel and crashed. He admitted to having a drug/alcohol problem. He was cited for hit and run, drug possession and reckless driving.
